2026 Issue #2

February 2026

No Open Houses for February due to the cold.

Two Officers did not renew this year and one of them was the Secretary. I have to really work to get more officers by the April Report to the State of NJ time to save the MSHS corporation.

Beyond that desperate need, we now have only four members, as many did not renew.

This year is the 250th anniversary of our country and all the historical societies will be recognizing that.

I heard from one school Principal and we might be starting school class trips to the Little Red Schoolhouse again this year.
